3RD ANNUAL SALE

Announcement.

BROTHER FARMERS AND
BREEDERS:

IN PRESENTING TO THE PUBLIC our *Third Annual Sale Catalogue* we desire to make acknowledgement, to our many customers, of the splendid support accorded our efforts to produce the best cattle possible to produce, and to recognize the assistance rendered by our many friends. After two years of

successful sales we look forward to similar sales, through wider experience, fully satisfied that the Cruickshank type of SHORT-HORNS are the rent-payers and mortgage-lifters.

The cattle presented in this sale being the best lot we have ever offered, we extend an urgent invitation to carefully look through this catalogue, and to attend this, our third public sale. We present you some of the best Cruickshank and Scotch blood known to Short-horn history. We need not suggest to breeders posted in pedigree that they present attractive combinations of the best and the most fashionable strains of the day, and we ask you to satisfy yourselves by personal inspection.

Attention is invited to the reference bulls; working on the theory that the bull is half of the herd, we have kept at the head of our herd bulls of the highest individual merit. Those in need of a choice herd bull, we ask you to inspect Lot 3, Lot 9 and Lot 11. These are our senior and junior show calves. We ask you to notice the Scotch families represented, viz: Cruickshank Secrets, Victorias, Crocus, Orange Blossoms, Maid of March, Violets, Acanthus, Brawith Buds, Lovelys, Fancy Drops, Louisas, Butterfly and Miss Ramsdens. In view of the fact that these cattle are to be sold on the farm and not extensively advertised, should present a good opportunity to get cattle worth the money, and to those wanting to start with a few straight Cruickshank or Scotch cows or heifers, or standard American families, well along in calf to either of our herd bulls, this is one of the opportunities of the year. These cattle will be sold from pastures without any high fitting, being in nice breeding condition, except a few young show calves.

Again expressing our grateful appreciation of the liberality of our friends and customers, we extend to all a cordial invitation to attend this sale, and a hearty welcome awaits all who will honor us with their presence.

Respectfully,

PURDY BROS.

Many of the females herein catalogued are bred to, or have calves from Lord Lovell. He is the making of a great heard bull, was bred by those reliable breeders and showmen, J. G. Robbins & Son, and is all that could be expected from such rich breeding, having for sire and grandsire St. Valentine and Imp. Gay Monarch respectively, two of the greatest show and breeding bulls of recent years. Lord Lovell is a large bull, will mature into a 2,500 pound bull, has good Short Horn character, is thick and deep, with the best of feeding and handling qualities.

ST. VALENTINE is so well known that I need not enumerate his many victories in the show yards of this country. The individual excellence of his get proven by their repeated victories at western fairs, proclaim his great value as a sire. We need only mention Lady Valentine, The Lad for Me, Ruberta, and Rosy O'Grady to show what St. Valentine has done as a breeder. Sired by Imp. Guardsman 108200 (bred by Wm. Duthie,) out of Verbena's Lady by Imp. Reporter 113482 (he by Gravesend 98631), 2d dam Verbena's Pride by Captain Cook 65388; 3d dam Imp. Verbena by Royal Windsor 58685.

IMP. GAY MONARCH was bred by W. S. Marr of Uppermill, Scotland. He was sired by William of Orange, dam Alexandri 17th by Athabasca 2d. As a combined show and breeding bull his equal has not been in the United States recently, if ever. He and his get are well remembered as winners at all the leading shows of recent years. Mr. Alvin H. Sanders, editor of the Gazette, said of him at the World's Fair; "He is undoubtedly the most valuable Scotch bred bull in the United States or Canada."

IMP. LORD WELLINGTON was recognized as one of the best breeders of his day, his calves being specially noted for their good backs. Got by 3d Duke of Hillhurst 13991, out of Waterloo 37 by Oxford Beau 29485.

PRIDE OF THE ISLES of the Brawith Bud tribe, a prize winner and famous at Sittyton as a sire. Got by Scotland's Pride (25100) out of Golden Days by Lord Raglan (13244) Pure Gold by Young 4th Duke (9037).

ORANGE MONARCH is one of the best young bulls in America, weighing in his yearling form 1700 lbs., is straight in his lines, with an ideal head, exceptionally well sprung in his rib, is a show bull in every sense of the word and from present indications is the making of a great herd bull. He was first prize senior bull calf at the American Royal last year. Several of the young cows in this sale are bred to him.

LORD LOVELL is a great herd bull; will weigh 2500 pounds; was bred by those reliable breeders and showmen J. G. Robbins and Sons, and is all that could be expected from such rich breeding. \$3000.00 has been refused for two of his calved now at Fairview under ten months old. He was sired by St. Valentine 121014; dam Monarch's Lovely by Gay Monarch 92411, tracing to Imp. Lovely 28th by Pride of the Isles, both bred by A. Cruickshank.

PRINCE VICTORIA—One of the best bred Cruickshank Victorias ever lived. A bull of wonderful substance and fine quality with depth and spread from top to bottom. Got by Earl of Hickory Park 111872 (by Royal Duke of Pleasant Ridge, dam Imp. Victoria 73d) out of Victoria of Glenwood 2d by Royal Duke of Pleasant Ridge 36889; 2d dam Imp. Victoria 51st by Royal Duke of Gloster (29864); 3d dam Victoria 47th by Lord Lansdown (29128); 4th dam Victoria 39th by Champion of England (17526).

Early in the seventies two Orange Blossom heifers were selected from the herd of Amos Cruickshank to be sold in America, and on account of their outstanding merit as individuals they sold for sensational prices, Orange Blossom 18th bringing \$3,500, which remained the highest price paid for a Scotch female until 1900. Orange Blossom 19th passed into the possession of that excellent breeder John V. Grigsby. Some of the greatest show cattle of the present day descend from this line, Lady Valentine and Monarch's Lady of the Robbins show herd being notable examples. Orange Blossoms command the highest prices at the public sales, and bulls of this breeding stand at the head of some of the best herds in the United States. That great Orange Blossom bull, William of Orange, made Uppermill famous.

Sultana of Oakwood is a rare combination of the best and purest Cruickshank blood. She has proven to be a great breeder as her heifer calf, by Lord Lovel shows, it being one of the best calves ever calved on our farm as we expect to show it in our calf herd this fall. Sultana being bred to Lord Lovel 130157 should be a valuable addition to any herd.

Imp. Sorrel, Red; bred by A. Cruickshank, Sittyton, Scotland, imported by James I. Davidson, of whom she was purchased by Col. W. A. Harris, Linwood, Kas., where she was fully appreciated and admired by the Short-horn cattle-breeding fraternity. She was sired by Roan Gauntlet (35284), out of Surname by Pride of the Isles (35072).

IMP. VICTORIA 73rd. It is hardly necessary for us to say that the Victoria family, of which the above is a representative, is one of the best of all the Cruickshank families.
